

# Illicit drug supply in France in 2021

*In a glimpse, OFDT, 2 p.  
January 2023*

In 2021, the quantities seized by the police, the gendarmerie and customs have reached unprecedented levels for marijuana, cocaine and even heroin. In addition, the levels of substances circulating the country from cannabis resin and heroin to cocaine and MDMA/ecstasy are high, while retail prices are fairly stable or down slightly.
